FLOWER SEEDS

for FLORISTS

SPRING ~ 1938

Petunia Dwarf Giants of California Ramona Strain

Germania Seed Company
NOT INC. O

6332 NORTH CALIFORNIA AVENUE

CHICAGO, ILLINOIS

IN THIS New 1938 Wholesale Catalog, devoted exclusively to "Flower Seeds for Florists," we are justly proud to present for your approval:

Dependable Quality—the foundation of permanent success, and which has done so much to establish our position in the horticultural industry. And this specification, so vitally important to the Florist Grower, is reflected in our seed stocks obtained from only the most reputable growers throughout the World.

Novelties—for this season from all over the World, together with past introductions of proven merits and the standard strains which still predominate.

Prices—always consistent with dependable quality and conforming to present day conditions.

Service—that you will like. All orders are filled promptly the same day received.

By virtue of these facts, we feel especially qualified to serve the needs of the most discriminating buyers, and respectfully solicit your commands.

GERMANIA SEED COMPANY

Terms of Business

DISCOUNTS. When remittance accompanies order, we allow a cash discount of 5% on all orders up to \$25.00. Above that amount, 8% is allowed for cash. To customers of approved credit, 2% may be deducted for payment within ten days from date of invoice.

BOOK ACCOUNTS. Customers who desire the convenience of a ledger account should supply the customary bank and trade references. All bills rendered on approved credit are due and payable in thirty days, net.

PRICES. All prices quoted are postpaid. This list cancels all previous offers.

C. O. D. SHIPMENTS. When requested to ship C. O. D., the collect fee is rightfully to be paid by the purchaser, but we allow the cash discount on the amount of the order.

ORDER EARLY! Since the demand for some varieties often exceeds the supply, order early to avoid disappointment.

DISCLAIMER. It is our endeavor to supply only the latest crop seed of the highest grade obtainable, and the quality, therefore, cannot be surpassed. We do not, however, give warranty either express or implied, as to the contents, purity, description or productiveness of any seeds sold by us, and will not in any way be responsible for the crop. If the customer does not accept the goods on these terms, they must be returned at once, and the money will be refunded or proper credit given.

NOVELTIES and ITEMS of SPECIAL MERIT

Begonia Red Pearl

BEGONIA

RED PEARL (Gracilis). Truly a pearl in the dwarf class of Begonias. Grows about 6 to 7 inches high; small bronze foliage; glowing dark scarlet blossoms. Of unusual compact growth and such rich-branching habit that the profusion of blooms gives the appearance of an immense umbel of flowers. An outstanding novelty for beds, borders and especially valuable for pots. Resulting from a cross by one of the leading Begonia specialists in Germany, only this originator's seed can be depended upon to come true.

Tr. Pkt., \$1.25; 3 for \$3.00

ROSE PEARL (Gracilis). Of the same compact growth, rich branching—and free-flowering habit as the above variety. Glowing salmon rose blossoms. One of the best winter-flowering Begonias, and especially good for Mothers' Day.

Tr. Pkt., \$1.25; 3 for \$3.00

Both varieties are highly recommended.

BALSAM Double Bush Flowering.

Not really a novelty, but they are not at all well known in this country. Plants are 8-10 in. in height, very compact and literally covered with their double flowers, which are carried at the tips of the stems above the foliage. Makes an attractive pot plant. Mixed Colors. Tr. Pkt., 25c;

$\frac{1}{4}$ oz. 65c; 1 oz., \$2.25.

Balsam Double Bush Flowered

CENTAUREA (Cornflower) Jubilee Gem. A dwarf variety of cornflower making a compact plant, about 12 in. high, literally covered with double blue flowers. As an edging plant, a border plant, or for ground work in formal beds of Roses etc. it will be found admirable. The grower for market will welcome it as a pot plant.

Tr. Pkt., 25c; $\frac{1}{4}$ oz., 50c; 1 oz., \$1.50

CHRYSANTHEMUM LEUCANTHEMUM Shasta Daisy Double, Diener's Reselected. The seed offered here is the best ever offered in regard to size and shape of flowers and length of stems.

Tr. Pkt., 50c; $\frac{1}{8}$ oz., \$1.75

NOVELTIES and ITEMS of SPECIAL MERIT

COSMOS SENSATION Pinkie and Purity. Pinkie, a delightful rose-pink shade, and Purity, a glistening white. The flowers are 4 to 5 in. in diameter, with broad, heavy, fluted petals that slightly overlap, making this Cosmos excellent for cut flower use.

Tr. Pkt., 30c; ¼ oz., 50c; 1 oz., \$1.75

CUPHEA Firefly. A newcomer this season. Firefly has all the characteristics needed in a dwarf, compact plant. The flowers are delicately formed, fiery cerise red in color, and are freely produced. The general effect when in full bloom is a ball of fire. This subject recommends itself for the rockery, window boxes and flower pots or as a border or edging plant. It is a tender annual, flowering readily in twelve to fourteen weeks from seeds, and blooms profusely throughout the summer months.

Tr. Pkt., 75c

DELPHINIUM Giant Double Pacific Hybrids. A splendid strain, the result of years of selection. Mildew resistance. The flowers are of immense size, tightly set on straight stems that are strong and whippy. They do not shatter and represent a truly outstanding addition to the cut flower market.

Tr. Pkt., \$1.00; ⅛ oz., \$2.00; ¼ oz., \$3.50

FUCHSIA HYBRIDA Double Dwarf Early Flowering Mixed. Plants produce from 85 to 90% double flowers with white, lilac, pink, light and dark blue corollas. Seedlings from seeds sown January-February will flower at the end of June and continue until the autumn. Raising these dwarf Fuchsias from seed gives very good results and is to be highly recommended.

100 seeds, \$1.00; 500 seeds, \$4.50

FUCHSIA HYBRIDA Double Finest Mixed. Contains all the choicest varieties.

100 seeds, 75c; 500 seeds, \$3.50

HOLLYHOCK Annual Double Scarlet Beauty. A fully double Hollyhock of the Chater type which will flower in six months from the time seed is sown. The color is a pure intense scarlet and is the first of what will later be a whole race of annual double-flowering Hollyhocks. Plants will winter satisfactorily where Chaters varieties do, and the variety is classed as a perennial that blooms the first year from seed.

Tr. Pkt., 50c; ¼ oz., \$1.25

LOBELIA ERINUS Opal. An outstanding new variety; about the shade of Myosotis Blue Bird, 6 to 8 in. tall as compared to 4 to 6 in. for other compact varieties. Its pleasing blue color is accentuated by a prominent white eye, very free flowering. This variety, due to its vigorous growth withstands our heat better than the more restricted ones.

Tr. Pkt., 35c

MARIGOLD African Double Dwarf Floribunda "Little Giants" Mixed. The most unique Marigold Novelty of the decade. Groups and beds of this unusually rich flowering, medium sized Marigold appear to reflect the sunshine in all its brilliance. Color ranges from a yellow to a very bright orange, with many shades in between. Plants average about 15 to 18 in. in height. All the flowers are in bloom simultaneously and the foliage is lost to view under the golden mass. Strongly recommended for bedding and pot plants.

Tr. Pkt., 40c; ¼ oz., 65c; 1 oz., \$2.00

MARIGOLD French Dwarf Alldouble Royal Scot. A new Alldouble variety of the Dwarf French class. True mahogany and gold striped, dwarf.

Tr. Pkt., 30c; ¼ oz., 50c; 1 oz., \$1.75

PANSY New Super Giant Olympia. Olympia was exhibited at first at the "Olympia Garden Show Dresden 1936." This new strain contains the most brilliant colors. The flowers are of a very large size. Dark green foliage and of compact growth.

Tr. Pkt., \$1.00; ⅛ oz., \$2.00; 1 oz., \$15.00

NOVELTIES and ITEMS of SPECIAL MERIT

**Nierembergia Hippomanica**

NIEREMBERGIA Hippomanica. (Dwarf Cup Flower) A most outstanding novelty. Starts flowering in about 15 weeks after the seed is sown and keeps on right up until the heavy frosts of late fall. Grows not more than 4 to 6 in. high, forms a cushion of elegant light green foliage from which emerge corymbs of salver shaped flowers of a delicate lavender blue shade, heightened by a touch of yellow in the center. As an edging plant, for the border along a walk, or to outline beds of larger flowers, it has no equals, while for use in the rockery it is unexcelled and is extremely lovely in a window box or in flower pots.

Tr. Pkt., 75c

PETUNIA Miniature Nana Compacta Brilliant Rose Gem. Produces neat, compact plants about 6 in. high, and 8 in. in diameter, fully covered with a mass of 2 in. flowers, of a bright, deep rose color.

Tr. Pkt., 75c

PETUNIA hybrida nan compacta Admiral. A variety originated in Germany, and the originator's strain of it is very perfect; uniformly quite dwarf, the perfect blue for bedding; in size between a hybrida and a grandiflora, and with a ruffled edge.

Tr. Pkt., 75c; 1/32 oz., \$2.00

PRIMULA CHINENSIS Double Dazzler. With the introduction of this double form in the same dazzling orange scarlet shade as that of the single form which was introduced some 2 or 3 years ago, the wealth of material for pot plant users has again been enriched. The flowers are carried well above the attractive foliage and are very freely produced. The doubling of the petals intensifies the color and adds to the beauty of the plant.

Tr. Pkt., \$1.50

PRIMULA OBCONICA GRANDIFLORA Violacea. Flowers are of the same size as those of the Grandiflora Coerulea variety, but the color is a clear violet-blue; very free flowering.

Tr. Pkt., \$1.00

SALVIA Splendens Firebrand. This Salvia is of very compact and even habit and produces large erect brilliant scarlet spikes. The plants begin to flower in June and keep right on flowering until the heavy frosts of late fall.

Tr. Pkt., 75c; 1/4 oz., \$1.50; 1 oz., \$5.00

SCHIZANTHUS Dr. Badger's Improved Giant Flowered Hybrids. An outstanding strain for the best florist trade. Of medium dwarf, compact growth, extra large flowered, and of a choice color mixture.

Tr. Pkt., 50c; 1/16 oz., 75c; 1/8 oz., \$1.25

SCHIZANTHUS Hurst's Monarch Strain. The finest strain of large flowering hybrids in existence.

Tr. Pkt., 75c; 1/16 oz., \$1.00; 1/8 oz., \$1.75

ZINNIA Linearis. The most unusual and interesting of the newer Zinnias is this little dwarf variety. The flowers, which are single are a lovely shade of golden orange, with a delicate lemon yellow stripe through each petal. It is extremely early blooming, the plants reach a height of 8 to 10 in., the flowers are produced in great profusion, literally hundreds being open at a time. Extremely valuable for border or edging use and is excellent for window boxes or in any part of the garden where a dwarf growing plant with brilliant coloring is desired.

Tr. Pkt., 30c; 1/4 oz., 60c; 1 oz., \$2.00

ZINNIA Gaillardia Flowered Finest Mixed. Another of the newer Zinnia types which does strongly remind one of the Picta Double Gaillardia. The plants are about 2 feet tall and very free flowering. The flowers are about 2 in. in diameter and carried on stems of medium length. The colors range through the mellow tones of rose, pink, bronze, yellow, orange, lavender and combinations of these colors. Most of the flowers, in fact, are two toned, with a ring of deeper color toward the center of the flower.

Tr. Pkt., 20c; 1/4 oz., 35c; 1 oz., \$1.00

ABRONIA

Umbellata. (Sand Verbena) Rose, 10 in.
Tr. Pkt., 15c; 1/2 oz., 30c; 1 oz., 50c

ABUTILON

Hibiscus-Flowered Hybrids. Large flowering.
Tr. Pkt., 50c 1/16 oz., \$1.00

ACHIMENES

An excellent pot plant. Beautiful flowers, in a wide variety of color. Adaptable for hanging baskets. It blooms throughout the summer and is readily grown from seed.
Tr. Pkt., 75c

ACROCLINIUM (Everlasting)

	Tr. Pkt.	1 oz.
Double Rose	\$0.15	\$0.35

Greatly improved. Large double flowers on 14 to 20-in. stems. Mixed.....		
	.25	.75

ADONIS

Aestivalis. (Flos Adonis) Red flowers, pretty, contrasting foliage.
Autumnalis. A desirable red flowering variety.
Tr. Pkt., 15c; 1 oz., 25c

AGERATUM

Little Silver Star

BLUE CAP. (New) Dwarf, larger flowers than Little Blue Star and deeper in color.

Tr. Pkt., 30c; 1/4 oz., 75c
1 oz., \$2.50

LITTLE BLUE STAR. Dwarf and compact grower. Charming blue flowers.

LITTLE SILVER STAR. (New) A charming counterpart to Little Blue Star. The even, round and compact plants—which grow only 4-5 in. high—measure from 8-10 in. across and the mass of silver-gray, star-like flowers practically hides the small light green leaves.

Tr. Pkt., 25c; 1/4 oz., 60c;

Regular American Asters—(Continued)

Super Giant Asters

SUPER GIANT LOS ANGELES. The largest and most fully double Aster. The shell pink flowers are 6-in., across, with gracefully interlacing petals. Grow 2-ft. tall, with 6 to 8 long, non-lateral stems per plant. General habits of Giants of California, but earlier and much larger blooms.

Tr. Pkt., 50c; ¼ oz., 75c; 1 oz., \$2.50

SUPER GIANT EL MONTE. A companion to Super Giant Los Angeles. Deep glowing crimson, and the only really large flowering crimson Aster. True Super Giant type with 6-in. blooms, and 6 to 8 non-lateral stems per plant.

Tr. Pkt., 50c; ¼ oz., 75c; 1 oz., \$2.50

IMPROVED GIANT CALIFORNIA SUNSHINE. This fascinating new Aster type, is fast becoming a sales leader for Florists. The flowers, 4 to 5 inches across, are composed of a single row of loosely placed outer petals which contrast with the unique yellow quill-like center disc. Long, heavy stems on plants from 2 to 3-ft. high. A mixture of the finest colors.

Tr. Pkt., 35c; ¼ oz., 60c; 1 oz., \$2.25

IMBRICATED POMPON. Mid-August flowering, upright growing, 12-14 inch plants, bearing numerous small round cushion-centered flowers, which are excellent for cutting.

Crimson	Fiery Scarlet	Light Blue
Rose	Violet or Dark Blue	White

Tr. Pkt., 25c; ¼ oz., 65c; 1 oz., \$2.25

BRACHYCOME

Iberidifolia. (Swan River Daisy) Floriferous annual in a choice mixture of colors.

Tr. Pkt., 15c; ½ oz., 40c; 1 oz., 60c

BEGONIAS

NOTE: Many leading Begonias are the result of crosses, and if their seed is harvested and grown by others, the seed of the second generation segregates and produces worthless mixtures. Therefore, our seed comes direct from only the most renowned Specialists (Originators wherever possible) and can be depended upon to produce plants true to name and which will show a marvelous uniformity in growth.

Begonia Carmen

CARMEN. Rose, Red and Salmon.

Dwarf, bushy growers, with deep dark brown foliage. All are exceptionally free flowering and make beautiful showy pot plants.

Carmen Red Carmen Salmon

Tr. Pkt., \$1.00

3 Tr. Pkts., \$2.50

Carmen Rose

Tr. Pkt., 75c; 1/128 oz.,

\$1.50; 1/64 oz., \$2.50

DARLING (Liebling). Very large flowers of a pretty, brilliant rose color. Grows 6 to 7 inches high; free branching habit. One of the best winter-flowering (Semperflorens) Begonias. An excellent all year 'round pot plant, especially for sales from Christmas to Mothers' Day. And, because of this early-flowering habit, is invaluable for outside plantings in spring. Originator's true seed.

Tr. Pkt., \$1.00

LUMINOSA COMPACTA. Grows about 5-in. and produces masses of glowing red blossoms on thin stems. A profuse bloomer, so prolific that the flowers practically hide the small dark-brown leaves. Extraordinarily effective.

Tr. Pkt., \$1.00; 1/128 oz., \$2.00; 1/64 oz., \$3.50

Christmas Cheer. Large flowering dark crimson scarlet, excellent for bedding.

Enchantress. Flesh rose color, better than Prima Donna.

Fire Sea. Dark red flowers with reddish green foliage. An old favorite.

Glory of Erfurt. Large bright carmine flowers.

Glow. Large flowering dark red with bronze foliage. Excellent pot plant.

Indian Maid. Deep metallic bronze foliage; rich scarlet flowers.

Lightning. Deep red, dark green foliage edged light brown, grows 9 in. high.

Prima Donna. (Schmid's) The best pink gracilis with beautiful large flowers.

Rosabella. Delicate rose, extra dwarf. Perfect substitute for Lorraine Begonias.

Zauberin. Brilliant pink, 2-in. blooms, attains height of 6 in., fine pot plant.

Tr. Pkt., 75c; 1/128 oz., \$1.25; 1/64 oz., \$2.25; 1/32 oz., \$4.25

Erfordia Grandiflora. Rosy carmine, large-flowered, 10 in. high.

Gustave Knaake. Large fiery crimson blossoms with light green tender foliage.

Radio. Carmine scarlet, very large flowers, and a strong growing variety.

Salmon Queen. Bright salmon, shading into salmon rose.

Schwabenstolz. Massive dark carmine flowers, early and semi-dwarf.

White Queen of the Groups. Large white blossoms, light green foliage.

Tr. Pkt., 50c; 1/64 oz., \$1.25; 1/32 oz., \$3.00

Tenuifolium. (Siberian Coral Lily) Showy, glossy scarlet flowers.

Tr. Pkt., 20c; ¼ oz., 35c; 1 oz., \$1.00

Regale. (Regal Lily) Pink outside, interior yellow.

Tr. Pkt., 20c; 1 oz., 50c

MARIGOLD

Gigantea Sunset Giants

Largest flowering Marigold ever known. Blooms average 5 inches and some get much larger. And, the most distinctive characteristic is a definite sweet fragrance, instead of the usual Marigold odor. The plant is extremely strong growing, with six to eight heavy branches, each bearing three to six large flowers. Gigantea Sunset Giants is a mixture ranging from deep orange through golden orange, deep golden yellow, light yellow, lemon yellow and a delightful new shade of primrose. The strain comes from 60 to 65 per cent double.

Tr. Pkt., 30c; ¼ oz., 50c; 1 oz., \$1.75

Gigantea Sunset Giants

Crown of Gold. Given more publicity than any other flower last season. Its main claim to glory is the fact that there is absolutely no trace of the characteristic Marigold odor in the foliage, stems or flowers. The flowers, about 2½ inches in diameter, are a lovely golden orange shade with a full crested center of small tubular petals surrounded by a single row of broad guard petals.

Tr. Pkt., 25c; ¼ oz., 40c; 1 oz., \$1.25

Tall African Varieties

Alldouble Orange. A new strain producing 95-100% of large double blooms.

Alldouble Lemon. A lemon color of the same habits as Alldouble Orange.

Tr. Pkt., 30c; ¼ oz., 50c; 1 oz., \$1.50

Orange Ball. Double, orange flowers.

Lemon Ball. Double clear lemon-yellow.

Tr. Pkt., 15c; ¼ oz., 25c; 1 oz., 80c

Double Tall African Mixed.

Tr. Pkt., 15c; 1 oz., 60c

Tall French Single

Josephine. Single, brownish glow, excellent florists' strain ..

Tr. Pkt.	1 oz.
\$0.15	\$0.50

MARIGOLD (Continued)

Dixie Sunshine

This outstanding type was an All American selection for 1936. Tall growing, finest foliage of all Marigolds, and 100 per cent fully double **golden yellow flowers**, which are excellent for cutting. The ball-shaped blooms have gracefully interlocking petals with dainty fringed effect. Late flowering.

Tr. Pkt., 30c; ¼ oz., 50c; 1 oz., \$1.50

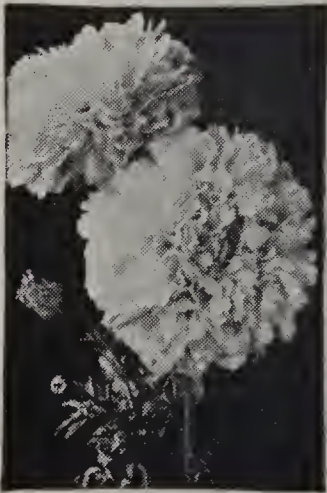

Dixie Sunshine

Yellow Supreme

Companion to Guinea Gold. The light **lemon-yellow** flowers are loosely ruffled and somewhat larger than Guinea Gold. Plants grow 2 to 2½ feet high with good strong stems for cutting.

Tr. Pkt., 25c; ¼ oz., 40c; 1 oz., \$1.25

Yellow Supreme

Guinea Gold

Reselected Strain. Compact, pyramidal plants, about 2½-ft. high, covered with attractive blossoms. The brilliant **golden orange** flowers are semi-double and loosely ruffled, excellent for cutting. Fine keeping qualities and one of the most popular Marigolds on the market.

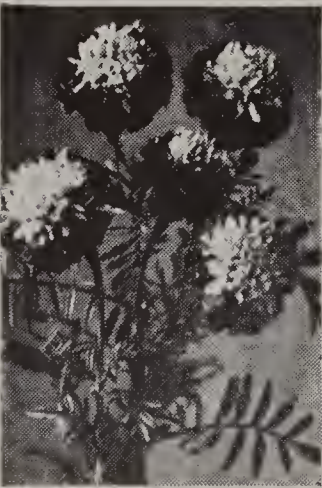

Tr. Pkt., 25c; ¼ oz., 40c; 1 oz., \$1.25
